

# Winter Weather Preparedness

## Be Prepared! Take Action!

Prepare for winter with these simple steps:

- **Check weather & road conditions at:**
  - [www.weather.gov/ilx/winter\\_monitor](http://www.weather.gov/ilx/winter_monitor)
- You can also follow us on [Twitter](#) and [Facebook](#) to make sure you're prepared for the elements and have the latest weather info
- **At home:** Have an Emergency Preparedness Kit with three days of food, water and medications
- **On the road:** Make sure your cell phone is fully charged – it could become your life-line should you become stranded. Have a winter “survival” kit for travelers in your vehicle. [Click HERE](#) for a list of recommended items to take with you.
